**Re: Borough of Little Ferry  
Losen Slote Stormwater Planning  
Bergen County / Little Ferry Sampling Review  
0230-T-013**

Dear Ms. Stagg,

On behalf of the Borough of Little Ferry, Remington, Vernick & Arango Engineers reviewed the report provided by your office for "South Bergen County Stream Cleaning" dated August 2014 prepared by Frank J. Rossi, LSRP and approved for release by Stephen T. Boswell, Pd.D, P.E., LSRP from Boswell Engineering.

Our office then compared those results within the Boswell Engineering report to the results from our soil sampling of the Losen Slot within the Borough of Little Ferry.

From our analysis; our office concludes the results are consistent with one another, like on like, and therefore, take no exception to spreading (broadcasting) the material that Bergen County intends to generate from the cleaning of the ditches within the municipalities identified in the Boswell report.

Should you have any additional questions or concerns, please do not hesitate to contact our Secaucus office at (201) 624-2137.

Sincerely,  
**REMINGTON, VERNICK & ARANGO ENGINEERS, INC.**

Richard G. Arango, P.E., C.M.E.  
Executive Vice President
